

Catertots.com is a mobile compatible website. Follow these instructions if you would like to create a direct link (applink) to our site on your Home Screen/ App Screen.

Windows PC/ Laptop

1. Launch "Chrome" browser.
2. Open the Catertots website (www.catertots.com)
3. In the address bar on the right hand side before the star icon you will see a circle with a + sign.
4. When you click on it, it will ask " install Catertots app". Click install and the App link will be available on your desktop

For IPAD/ iPhone

1. Launch **Safari** on your iPhone or iPad.
2. Open the Catertots website (www.catertots.com)
3. Tap the **Share** icon (the square with an arrow pointing out of it) at the bottom of the screen.
4. Scroll down to the list of actions and tap **Add to Home Screen**. (If you don't see the action, scroll to the bottom and tap **Edit Actions**, then tap **Add** next to the **Add to Home Screen** action. After that, you'll be able to select it from the Share Sheet.)
5. Type a name for your site link. This will be the title that appears beneath its icon on your Home screen.
6. Tap **Add** in the top-right corner of the screen.

Your new "web app" will appear in the next available space on your device's Home screen. To move it like you would any other app, tap and hold its icon, then tap **Edit Home Screen**, and you'll be able to drag it to your desired location. When you've placed it where you want it, tap **Done**.

Samsung/ Android

1. Launch your internet browser app.
2. Open the Catertots website (www.catertots.com)
3. Tap the menu icon (3 dots in upper right-hand corner or 3 lines at bottom right corner depending on your **browser**) and tap Add to+ (You should see options for add to app screen or home screen)
4. Select and link will be created.
